Please have your child dress at home. If they bring clothes to lessons, they should be placed in bag and brought out on deck. We ask that parents remain outside the fence during lessons. For lower level classes parents are welcome to join their child in the water. Have your child continue through all the levels. Valuable safety and survival skills are taught at all levels.

## Bring The Kids to the Pool For Extra Practice

Extra pool water time for practice is important and beneficial. Students progress faster in lessons when they have extra pool time to practice the skills they have learned in lessons.

## Trained Lifeguards\Water Safety Instructors Needed

The Evansville area is in need of trained lifeguards and swimming instructors. Contact the Aquatic Director for information. See the special notices in the Evansville Review and at the pool for the class schedule.
